DETAILED ACTION

1. It is noted that, contrary to applicant statements in the reply, the current application contains claims 1-10 not 1-18. While it is unfortunate if applicant filed the wrong specification/claims, applicant has received an action on the merits for the originally presented claims and this invention has been constructively elected by original presentation for prosecution on the merits.

Claim Rejections - 35 USC § 102

2. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

3. Claims 1-10 are rejected under 35 U.S.C. 102(b) as being clearly anticipated by Jenkins et al. (US5399618, US5436292, US5476900, US5561189 or US5629375).

Each of US5399618, US5436292, US5476900, US5561189 or US5629375 have the EXACT same disclosure as the present application and, between the five of them, have the exact same claims.

Thus, the requirements for rejection under 35 U.S.C. 102(b) are fully met.

Response to Arguments

4. Applicant's arguments filed 7/15/02 have been fully considered but they are not persuasive.

Art Unit: 1713

5. Applicant's arguments fail to comply with 37 CFR 1.111(b) because they amount to a general allegation that the claims define a patentable invention without specifically pointing out how the language of **the claims** patentably distinguishes them from the references. It is not clear how applicant means to distinguish the claims filed with the application from the cited references.

6. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
